

The end of the Covid-19 health emergency is declared

We inform you that on May 9, 2023, the Ministry of Health published in the Official Gazette of the Federation (“DOF”) the decree by means of which the Ministry declares the termination of the extraordinary general health action intended to prevent, control and mitigate the disease caused by the SARS-CoV-2 virus (Covid-19) (the “Decree”), which entered into force on the day following its publication.

The Decree contains the declaration of the termination of the extraordinary health action resulting from Covid-19 ordered in the *“Decree declaring extraordinary actions in the affected regions throughout national territory in terms of general health to combat the serious disease requiring priority attention generated by the SARS-CoV-2 virus (COVID-19)”* dated March 27, 2020, as well as those related measures that were subsequently issued by the General Health Council and the Ministry of Health.

The Decree also establishes that the Ministry of Health must issue a long-term management plan for the control of Covid-19 within 30 calendar days from the entry into force of the Decree.

We are available to answer any particular questions you may have in this regard.
